15mm BSP, DZR Brass, Bib metering tap with internal flow adjustment, strainer and no hold open anti-vandalism feature.

Max. pressure: 6 Bar,  
Min pressure: 0,3 Bar

JASWIC

## Walcro metering taps

The Walcro range of metering taps feature a self-closing, "timed" action which provides the benefit of water saving and enhanced hygiene as the user need not retouch the tap after washing. These taps cannot be left running unattended which enhances water saving and prevents unwanted water wastage vandalism.

## Typical applications

Sports stadiums, Shopping centres, Office blocks, Schools and Universities, Medical facilities, Recreation facilities, Mining, Factories, Restaurants and Transport interchanges.

## Blended water supply

The hand-washing metering taps and valves can be supplied with blended water from a Rada thermoscopic mixing valve.

Please contact us for sizing assistance. Recommend a Walcro strainer is fitted to the main water supply.

## WALCRO 150BW Metering valve with Walcro IPWS wall spout

15mm BSP, DZR Brass, built-in metering valve with internal flow control for handwashing for basins or slabs. Used in conjunction with Walcro 15mm IPWS wall spout with wall cover to deliver cold water or blended water via a Walcro Rada mixing valve.

Max. pressure: 6 Bar, Min pressure: 0,3 Bar

WALCRO 150BW

WALCRO IPWS
