

Walcro[®]

The Mining Ablution Systems Specialists

Walker Crossweller - established in South Africa since 1967, provides a wealth of knowledge and experience in all fields of mine change house ablution facilities with 33 years of local manufacturing experience of mining ablution valves and vessels.

Our mine products specifically:

- Save water, electrical and heating energy.
- Provide Rada anti-scald safety protection to employees.
- Are vandal resistant and robust for tough conditions.
- Designed for high volume and continuous usage.
- Specially target high safety levels for hot water vessels.

RADA Mixing valves

Rada 425cf Thermoscopic mixing valve with a high level of performance and safety anti-scald. Protect your valuable workforce from burning hot water injury and possible hospitalisation.

Toilet & urinal flushing valves

- Vandal resistant brass body
- High demand usage
- Integrated flow & timing control
- Anti-vandalism - no hold open feature
- Made in South Africa, SABS

Boiler room safety & control valves

Providers of reliable and safe control valves for hot water storage vessels & reticulation network.

VANDALISM

Robust enough for prisons, gentle enough for hospitals

ECONOMY

Saving every precious water drop

HYGIENE

Affordable hygiene promotion for a better quality of life

Specifications

WC - Walcro 106B, \varnothing 25mm Toilet flush valve

UR - Walcro 150BUR, \varnothing 15mm Built-in UR valve

SHR - Walcro 150BNH, \varnothing 15mm Metering water saving shower valve

SHR Rose - Walcro CIRS-V2, \varnothing 15mm Vandal resistant shower rose

WHB - Walcro 100, \varnothing 15mm Metering Pillar tap

Boot wash - Walcro 101, \varnothing 15mm Metering Bib tap

Mixing valve - Multiple Rada 425cf thermoscopic mixing valves

Circulating Pumps - Walcro SE 50B, Bronze \varnothing 25mm pump

General Boiler Room Equipment

Walcro pressure reducing valves, non return valves and multiple vessel safety valves

Industrial Hot Water Storage Vessels

Walcro specialised heating applications incorporating vessels and TSU Systems
